

WestOne Cars 'Highly Commended' at the 2009 Brake Fleet Safety Forum Awards for Excellence

We are extremely proud to announce that we were highly commended in the 'Road Risk Manager of the Year' category at the 2009 Brake Fleet Safety Forum Awards on Thursday 25th June 2009.

The Fleet Safety Forum Awards, which are held in aid of the road safety charity Brake, recognise excellence in road risk management and bring together people across the motor industry who are passionate about stopping death and injury on roads through risk management. We were highly commended in the 'Road Risk Manager' category after demonstrating exemplary road risk management policies with proven results.

At WestOne Cars we are committed to protecting the safety of our drivers, clients and the general public which is why our road safety programme and road risk management procedures go one step further than the minimum requirements that are set out by health and safety law.

We are also the only passenger transport company in the UK to offer such high standards

of driver training. Yet another element which sets us apart from the competition and raises the industry bar for others to follow.

Am Pall, our Fleet & Specialist Services Director, explains "We are committed to protecting the safety of our drivers and our passengers. For our drivers the road is their office, they are heavy road users and come into contact with a large number of other drivers. Road safety is, and always has been, of paramount importance to WestOne Cars and we do everything we can to keep up to date with the latest developments and initiatives in road safety and we continually monitor, review and update our road safety programme to ensure the safety of our drivers, passengers and the general public".

Roz Cumming, Fleet Safety Forum Manager at Brake said: "The Fleet Safety Forum Awards for Excellence 2009 was a great success. Organisations setting the standards for fleet safety were recognised for their achievements. Brake congratulates all of the winners on their well-deserved awards. It's fantastic to be able to recognise companies

that are helping to driving down crash and casualty rates by constantly striving to raise the bar of fleet safety best practice."

Did you know?

That we are the only UK passenger transport company to hold the Royal Warrant for the provision of chauffeur services.

Royal Warrants are granted to people or companies that have regularly supplied goods or services, for at least five years, to HM the Queen and the Royal Household and, having delivered a consistently high level of service over many years, been awarded the Royal Warrant. Such esteemed recognition is a mark of excellence having met the expectations of the Royal Household. As such a Royal Warrant is highly prized and we are honoured to have been granted this prestigious accolade.

WestOne Cars and the environment

At WestOne Cars we are committed to minimising the impact our business activities have on the environment. As testament to this we have developed and implemented a comprehensive environmental programme which has been accredited with the internationally recognised ISO 14001:2004 - Environmental Management System (EMS).

Our environmental programme encompasses all areas of the business and has been implemented internally and externally thus

helping to not only reduce our own carbon footprint but also that of our clients.

Our environmental programme includes:

- Environmentally friendly vehicle options
- Environmental analysis and report options
- Carbon offset programme

If you would like more information about how we can help YOU reduce YOUR carbon footprint then contact your dedicated account manager who will be more than happy to help.

Meet the WestOne Cars team...

We are pleased to introduce you to two new members of the WestOne Cars team, Michael Blanchard who is our new Business Development Director and Matt Rayner, our new Business Development Manager.

Michael joins us as Business Development Director after successfully working for our sister company CitySprint as Regional Manager for the South East region for the last four years. Michael works closely with the

rest of the Business Development team and has been tasked with further strengthening the WestOne Cars brand ensuring the needs of our clients are constantly met.

Matt, who also used to work for our sister company CitySprint as a successful Area Sales Executive at our Guildford and Heathrow ServiceCentres, has joined us in the newly created role of Business Development Manager to support Michael and the rest of the team.

'Driver of the Year' and 'Employee of the Year'

We would like to congratulate Jeff Mickley who was presented with our 'Driver of the Year' award and Selwyn Sturge who was presented with our 'Employee of the Year' award earlier this year.

Jeff, who has been a self employed driver for WestOne Cars for the last three years, was nominated for the 'Driver of the Year' award by his colleague Steve Smart, Operations Manager.

Selwyn Sturge, one of our London Customer Service Agents, was nominated for the 'Employee of the Year' award by our Operations Director Tony Marson.

WestOne Cars takes part in financial services company travel fair

One of our clients in the financial services sector held a Travel and Ground Transportation Fair in London on the 21st July and as a supplier we were invited to attend the event to showcase our services.

Our exhibition stand received lots of attention with a steady stream of visitors throughout the day. We ran a prize draw with prizes including a day at the

Sanctuary Spa, a Fortnum & Mason wine hamper, and a bottle of Veuve Clicquot.

We received positive feedback from delegates and received a number of enquiries about our environmentally friendly vehicle options.

If you would like us to come and showcase our services to your employees then contact your dedicated account manager.
